

The following are the issues in R&R works

Construction of Temples in R&R Centers:-

The displaced families residing in R&R centers are demanding for construction of temples in their centers. The proposals for construction of either Ramalayam or Sivalayam along with a temple for Gramadevatha submitted. The commissioner (R&R) and Ex.Officio Secretary to Government informed that the temples and any other religions structures which were in existence in Original villages are only can be taken up for construction in R&R centers. The list of existing temples in the submerged villages were furnished to the Assistant Commissioner Endowment Department, Nellore to furnish financial implication for construction of the temples and the same is awaited.

Construction of side drains and compound wall to the Government buildings in the R&R Center:-

As per the R&R master plan infrastructure facilities like internal Roads, Electrification, construction of multipurpose building and Anganwadi Building, Bore wells etc are being providing in the R&R centers. The residents are requesting to provided drainage facility. Further the residence have also requested to provide compound wall for the Government buildings such as Anganwadi building multipurpose building and schools etc., construction in the R&R centers. For taking up this separate sanction is required. If permitted detailed estimates will be prepared.

Allotment of Site for Burial Ground:-

The residents of R&R centers are requesting to provide site for the burial ground and the Joint Collector during the review meeting in R&R of Kandaleru reservoir on 19-10-2011 as instructed all the Tahsildar to identify suitable land for burial ground for R&R colonies.

Handing over completed R&R Centers to Concerned Gram Panchayath :-

As per R&R master plan for Telugu Ganga Project the R&R center are to be maintained with project funds for a period of 5 years and then to be handed over to the concerned Panchayaths for further maintenance. Out of 19 R&R center is completed with 5 years maintenance period, 6 Nos have taken over by the Panchayath and remaining 13 Nos are yet to be taken over.

Allotment of site for construction of R&R center for Regadi palli.

Regadapalli:- This village is also one of the submerged village under Kandaleru Reservoir which is at +85.00m contour. For accommodating 265 displaced families an extent of 38.00 Acres of land is required for which the District Collector was requested by the Superintending Engineer, SSLC&SB Circle, Nellore during 04/2011 to allot site for this centre so as to facilitate to develop the Infrastructure facilities in the centre. The identification of site is yet to be done.
